Jayden Blair

(908) 531-7809 | jsb018@uark.edu | www.linkedin.com/in/BlairJs | https://jaybobjr.github.io/Port/

TECHNICAL SKILLS

Languages: SQL, Python, Kotlin, JavaScript, HTML/CSS, Java, C++
Tools & Platforms: Power BI, Claude AI, CoPilot, GitHub, Trello, Pandas, Matplotlib
Collaboration: Agile, Sprint Planning, Technical Documentation, Stakeholder Communication

EDUCATION

Bachelor of Science in Computer Science *Expected: Dec 2026*
University of Arkansas, Fayetteville, AR
Relevant Coursework: Software Engineering, Algorithms, Database Management Systems

LEADERSHIP & TECHNICAL EXPERIENCE

Industry-Sponsored Embedded AI Safety Device | Python, Claude AI *Spring 2026 - Present*

- **Leading 3 engineers** across hardware and software development for an AI safety device.
- Built hardware and software components while creating a compressed project timeline.
- Developed traditional and generative AI for real time injury detection using sensors and voice data.

CS Degree Planner App | Kotlin, GitHub, Claude AI, UI Design *Fall 2026 - Present*

- Leading planning and design for a Kotlin degree planner with a team of 3 engineers.
- Develop four-year course plans based on degree requirements, prerequisites, and preferences.
- Design the UI, database, and cloud architecture supporting course data, ratings, and recommendations.

Sales Performance Analytics Dashboard | SQL, Power BI, Excel *Summer 2026*

- Analyzed **50,000+ sales records** using SQL and Power BI across 12 data fields
- Developed revenue, order value, order volume, and product performance KPIs.
- Built interactive dashboards visualizing sales trends and customer purchasing behavior.

Stadium Builds Platform | HTML, CSS, JavaScript, GitHub *Summer 2025*

- **Co-led development** of a responsive web platform addressing a recurring community need.
- Prioritized features, milestones, and designed a scalable foundation for future user needs.

WORK EXPERIENCE

University of Arkansas Residential Assistant (RA), Fayetteville AR *July 2025 – Present*

- Managed a residential community of approximately **500 apartment rooms**.
- Resolved resident concerns while coordinating with staff and supporting **100+ residents**.
- Planned community events that increased resident participation and campus involvement.

Front Desk Manager, Southlake Gymnastics Academy, Southlake Tx *April 2016 – Jan 2022*

- Managed scheduling, payments, and enrollment using a custom-built application.
- Coordinated staff scheduling, issue resolution, and customer service.
- Promoted from coach to camp and front desk manager based on performance and adaptability.
